

Sharing Your Opening Night Gala E-Tickets with Your Party

e-Tickets are digital tickets accessible via your mobile device or computer. e-Tickets replace our previous print-at-home ticket option.

When purchasing tickets (whether online, on the phone, or in person at our Box Office), e-Tickets can be selected as the delivery option. The digital tickets reside in your SFSymphony.org account.

Once logged in to your SFSymphony.org account, you can manage your tickets (including parking) from your phone, tablet, or computer:

- Display your e-Ticket digital barcode from your mobile device for entry
- Forward tickets to a friend, either following the directions below OR screenshotting your tickets and texting them as photos to your guests
- Donate your ticket(s)
- As you arrive, we kindly ask you to have your e-Ticket barcode displayed on your screen (or printed out), ready for our ushers to scan.
- To forward tickets to your guests, please follow the instructions below

On the SFSymphony.org homepage, select "LOGIN" to access your account and Opening Night Gala tickets
