

# MY FAMILY PORTRAIT

Now that you have met the families of instruments, it's time for you to introduce YOUR family!

When you gather the members of your family together and draw or take a picture of them, it's called a FAMILY PORTRAIT. Draw your very own FAMILY PORTRAIT in frame below! (Don't forget to include yourself!!! And your pet!)

A large rectangular frame with a decorative border of blue leaf-like shapes. At the bottom center, there is a white rectangular box containing the text "THE \_\_\_\_\_ FAMILY".

Write your family's name in the blank!
