

## MY INSTRUMENT LANDSCAPE

Where's the flute? It seems our friend the FLUTE has decided to go on a walk.

Draw a picture of the flute outdoors enjoying nature. A drawing or painting that features scenes from nature is called a landscape. Create your very own landscape by adding flowers or trees, clouds or a rainbow, a sun or stars, birds or squirrels, mountains or rivers—or anything you like! You're the artist.

Let your imagination run wild.

The Flute is having a great time enjoying nature!
